ANOVA CULINARY LLC

Anova Precision Cooker

The Anova Precision Cooker represents a new era for the connected kitchen; a true “smart” cooking device that actually makes you a better cook. Using the same “sous-vide” technology that icons like Thomas Keller have been using for years, Anova developed a device that is not only small enough for the home kitchen, but affordable, Bluetooth-enabled and poised to create a platform for the home chef that will shift the balance of power between the home and restaurant

kitchen. Operate the device with its corresponding app, access recipes from award-winning chefs and recreate the restaurant experience right from your home kitchen.

ARC SHELF

the arc shelf

“the arc shelf” is a revolutionary clothing management product that eliminates folding and makes putting away t-shirts, sweaters and sweatshirts faster, easier and neater. Just lay the item on the patented curved shelf, give it a quick flip and you’re done. Instead of 7 or 8 messy folds taking 20 or 30 seconds, you only need 5 seconds with the arc shelf. Short sleeve or long, it saves time, does away with the hassle and frustration of folding and maximizes valuable closet space, which means less clutter and less stress. Putting it away is now easier than leaving it out.

TSP Disposable Pastry Bags on Roll and TSP Decorating Nozzles

Pipe frosting and fill molds with TSP Disposable Pastry Bags and Decorating Nozzles. The clear pastry bags are 12” long and fit standard nozzles, like the TSP Decorating Nozzles. Packaged on a 30-piece roll, the easy-to-fill Disposable Pastry Bags eliminate mess and clean-up time. The Decorating Nozzles come in a 24-piece set that includes a cleaning brush. Each stainless steel nozzle is shaped specifically to create different, beautiful designs, like swirls, flowers and roping. The TSP Disposable Pastry Bags on Roll and the TSP Decorating Nozzles are sold separately.

TSP Icing Combs Set

Sculpt landscapes of stripes, scallops and zigzags in icing with the TSP Icing Combs. Smaller than most icing combs, these pink Nylon heads are easy to use to create different textures across the top, around the sides or along the base of a cake. The set of six comes assembled on a key ring for convenient carrying and storing.

TSP Expandable Pastry Brush

Add shine to your baked treats with the TSP Expandable Pastry Brush. A 2” brush that can be folded into a 1” size, the Expandable Pastry Brush allows you to vary how much glaze or egg wash you add to the crust of your pastries or breads. Bristles are made of natural boar hair for fine application.

Prezioso Collections

It's all about keeping cool with Luigi Bormioli's sensational collections of clear, blue and green choices. The new Prezioso assortments are fresh with water and beverage glasses, bottles and pitchers, made clearly (or in color) to fit a fashionable lifestyle. Our Prezioso collection is so very refreshing for the summer season and consists of 13.50 oz. Water Glass, 17 oz. DOF, 20 oz. Beverage, 34 oz. Bottle with Cap and 84 oz. Pitcher with Lid & Cooling Tube.

Michelangelo Platter

Luigi Bormioli's timeless and comprehensive Michelangelo collection features a full range of complimenting classic pieces for Stemware, Barware and Serveware and now includes our very stylish Platter with Stainless Steel Handles to make entertaining an easy and elegant affair.

Thermic Travel Mug

Our Thermic collection is handmade double-wall borosilicate glass. The sleek, contemporary design is more than just stylish! The finely constructed glasses are both microwave and dishwasher safe, and although lightweight, they have superior strength and durability. These glasses will maintain the hot or cold temperature of drinks. The double-wall design prevents condensation to the outer surface when enjoying cold beverages and keeps hot beverages cool to the touch. Our Thermic Travel Mug has a silicone coaster adhered to the outer bottom for cushion and stability. These great travel mugs come in color choices of Blue, Gray and Cinnamon.

BRADSHAW INTERNATIONAL, INC./GOOD COOK

ProFreshionals Peach Slicer

Specifically designed for peaches, our peach wedger cleanly slices even segments—ideal for pie making or cobblers when preparing fruit can become a chore. The unique blade shape cuts around the shape of the peach pit, while the storage stand is designed to receive the blade and allow it to cut completely to the bottom of the peach. Even kids can do it safely and without a mess.

GoodCook Air Perfect Nonstick Bakeware

Our Air Perfect collection is a commercial quality, heavy gauge set of pans designed with corrugated texturing that serves two purposes. The channels of air circulate under foods to prevent hotspots and promote more even, better baking. The wavy construction also contributes to pan strength, with the heavier gauge helping to prevent warping—the overall result is a superior pan and an expensive feel.

Sweet Creations Ice Pop Maker

This Ice Pop freezer makes 10 summer treats at one time. Fill the mold with your favorite fruit juice, smoothie, yogurt, even pudding, and cover with the lid. Each stick slot will suspend a regular sized wooden stick in perfect position. Just freeze and pop them out to enjoy healthy, fun treats anytime.

ProFreshionals Watermelon Tap

Turn any regular sized watermelon into a fun party kegger that can dispense cocktails, fruit punch and more. Just scoop out a watermelon and screw in the tap. Fill with your favorite beverage and it's ready to go! Our set includes 3 screw-in feet that will prop up your watermelon and make this centerpiece the conversation starter of your summer party!

Zyliss Oyster Tool

Oysters are a delicacy enjoyed in many parts of the world; however, shucking an oyster is a difficult and sometimes dangerous task. It's also a challenge to retain the oyster's own liquor which adds a special flavor to the dish. The Zyliss Oyster Tool offers a silicone pocket and hand guard that provides leverage, protects hand during shucking and reduces loss of oyster liquor. In addition, the knife is constructed with a larger, ergonomic handle for a more comfortable experience. Frustration-free and safe oyster shucking. That's HappyCooking. That's Zyliss.

Les Artistes Coffee, Tea, and Espresso Cups

The Les Artistes espresso, coffee and tea collection is the perfect embodiment of innovation, flair, color and functionality. Each porcelain cup has been designed with the consumer in mind, featuring a bold, textured, non-slip silicone cover to protect hands from the heat, while adding color and personality to the home. Available in an exciting array of colors, the collection boasts everything from bright pinks to tonal shades of greys. Offered in three sizes, from the 3-oz. espresso and 6-oz. coffee to the 10-oz. tall cup, whatever the choice of drink, there is a cup that's right for you.

HAMILTON BEACH BRANDS, INC.

FlexBrew® Programmable Single-Serve Coffee Maker

The FlexBrew® Single-Serve Coffeemaker with removable water reservoir allows the flexibility of brewing freshly ground coffee one minute or a single-serve pack the next. A 40-oz removable water reservoir lets you brew several cups without refilling with water every time.

Hamilton Beach® Party Crock™ Cookset

The cast-iron dish is durable, looks good for any occasion, has excellent heat retention and is also oven-safe. Prepare food in advance, keep the dish in the refrigerator and place on the electric cooking base when it's time to heat. The cordless warming stand uses a tealight to allow you to serve at the table without a cumbersome cord. Available in red, yellow or blue.

Hamilton Beach Breakfast Burrito Maker

Choose your own fresh ingredients, place the tortilla on the lower plate and pour the egg, cheese & peppers onto the egg plate. Close the lid and in 5 minutes you have a breakfast burrito or breakfast taco ready to go. Fits 6" tortillas and pancakes, or even make your own pancake or omelet.

Jamba® Professional Juice Extractor

The Jamba® Professional Juice Extractor lets you create your own fresh juice blends at home. Juicing is quick and easy with the extra-large 3-1/2" chute, which virtually eliminates pre-cutting. Two speed controls allow for custom juicing and maximum juice extraction. Choose high speed for harder vegetables and fruits, and low speed for soft fruits and leafy greens. Juicing fruits and vegetables into nutritious and delicious drinks makes getting your daily servings easy.

Benriner Mandolin Slicer from HIC

HIC's 3 exclusive Benriner Slicers provide added ease of use and functionality for the professional and home chef alike.

The high-quality Japanese steel blade produces various shapes and sizes from clean, even slices, to elegant vegetable garnishes, match stick and chunky cuts. Its non-skid silicone base secures it in place when in use, and to add to its stability, the side slopes allow for the slicer to sit securely on the bowl. Its large, easy-to-grasp handle keeps fingers safely away from the blade. The easy turn dial adjusts thickness of slices.

HIC Gravy Strainer and Fat Separator

HIC's new Gravy Strainer and Fat Separator strains out fat, seasonings and lumps for smooth flavorful, gravy soup, stock and sauce with less fat and calories. The wide-mouth opening offers easier pouring and the 1/4-cup markings for easy measuring. Made from heat-safe borosilicate glass (up to 300°F), 18/8 stainless steel and FDA-approved silicone, so it's safe for reheating by stovetop and microwave. Comfort-grip handle keeps hands safely away from hot contents. Pierced strainer removes lumps and large bits and the fine mesh screen for extra filtering. Won't melt, cloud over or transfer odors like plastic separators can; dishwasher safe.

HIC Porcelain Brownie Pan

The HIC Porcelain Brownie Pan is a durable and versatile baking dish for brownies and cakes, casseroles and quiche, roasting and serving vegetables and more. It is crafted from fine-quality porcelain for durability and uniform heat distribution so foods bake evenly. Easy-hold handles on both sides offer a comfortable grip and secure transfer in and out of the oven or under the broiler. Safe for microwave, oven, broiler (to 500°F) and freezer. The porcelain browning pan transitions beautifully from oven to table and is dishwasher safe for easy cleanup. 8"x8"x2" deep.

INVISIBLE GLASS

Invisible Glass

What's the most tedious item to clean in your home? Most consumers name mirrors, glasstop stoves, glass tables and glass doors and windows because of their constant accumulation of finger prints, pet slobber, dust and everyday grime. Invisible Glass makes easy work out of these difficult chores. The QuickDry™ formula evaporates fast for a streak free finish leaving surfaces cleaner. Because it's free of dyes, soaps and scents, it won't leave behind film or residue to attract dust and dirt so you'll clean less often. And it's specifically formulated for glass so it will never scratch or dull.

Invisible Glass Reach & Clean Tool

Easily clean hard-to-reach glass surfaces including tall windows and mirrors and beneath glass tables. The Invisible Glass Reach & Clean Tool includes three washable and reusable microfiber bonnets to quickly attract and remove more dust and grime.

Champlain Collection

The design of this collection was influenced by Lake Champlain in the Northeast Kingdom of Vermont. The rich grain of the Ash and the grey tones of the Driftwood finish are complimented by locally handcrafted, galvanized trays and accents bringing together a blend of cottage and nautical styles. Both of the new rectangular Champlain trays feature a removable Ash wood insert for easy cleaning. The Lazy Susan and Round Serving Tray are finished with a fixed, galvanized band around the sides. These serving pieces would accommodate anything from a favorite fondue to a martini mini-bar.

Lazy Susan

The Lazy Susan remains a favorite centerpiece for casual dining and festive events. J.K. Adams takes this tabletop icon and raises the design to a functional yet rich and memorable tabletop service and décor. The Artisan Collection is produced from North American Maple with a warm, teak oil finish and is accented with thin grooves. The Walnut Collection shows off the rich tones and dramatic grain pattern of North American Walnut. The Lazy Susans each have a gentle recess underneath and a smooth bull-nosed edge. They spin with smooth, ball-bearing swivels atop a padded base to prevent scratches on the tabletop.

Morgan End Grain Collection

The new J.K. Adams Morgan End Grain boards have taken the end grain category to another level with special features and Vermont-made quality. Features include imbedded, beautifully designed handles that allow cooks to easily maneuver the boards, which is important because of the weight and scale of end grain boards. The permanently attached, anti-slip, silicone feet keep the boards in place so they don't rock or move on countertops, protecting surfaces, especially natural materials such as soapstone. The light-colored boards are made from Maple with a teak oil finish, the dark-colored boards are made from Cherry with a teak oil finish.

Hudson Collection

Bring the curves and bends of the Hudson River indoors with this stunning collection of Walnut and Maple serving pieces and Chip & Dip Boards. The collection includes three contemporary shapes: an hourglass, an oval and an artist's palette. Each board is undercut for easy carrying and provides a lovely backdrop for presenting appetizers. All have a clear teak oil finish. The Chip & Dip Boards are designed to display appetizers, crackers, breads and crudités while the 5" Stoneware bowl holds dips, oils and spreads. The Hudson Collection is made in Dorset, Vt.

MICROPLANE

Microplane Elite Box Grater

The new Microplane Elite Box Grater is a space-saving 5-in-1 grating tool sporting five Made in the USA stainless steel Microplane blades: Fine, Coarse, Ultra Coarse, Ribbon and Large Shaver. One of the two larger panels cleverly combines two blades - Fine and Coarse. The Elite Box Grater features a contemporary ergonomic design that is both stylish and durable for long-lasting use. The non-slip handle and rubberized bottom provide maximum comfort, leverage and stability when grating a myriad of ingredients on any of the five blade surfaces. A removable bottom tray catches grated ingredients and eliminates messy clean up.

Microplane Rotary Grater

Microplane introduces its new conical-shaped Rotary Grater featuring a Made in the USA stainless steel Microplane blade. The signature Microplane Fine blade effortlessly grates hard cheese, such as Parmesan, as well as chocolate and nuts for garnishing dishes tableside or prepping ingredients for cooking and baking. An extra-large hopper makes it possible to grate a generous amount of cheese and other ingredients at one time. The unique funnel shape with expanded opening ensures that grated ingredients dispense quickly and easily. Sturdily crafted in creamy white, the durable and lightweight Rotary Grater requires minimal effort and yields maximum results.

Microplane Garlic Cutter

Featuring an original, Made in the USA Microplane blade, the new Garlic Cutter transforms peeled garlic cloves into uniformly

cut, delicate strands within seconds—all with minimal hand contact, effort or mess. Unlike a garlic press, which crushes cloves into a paste, the Garlic Cutter produces finely textured garlic pieces that retain all of their natural oils for optimum flavor in all food tasks, such as sautéing vegetables or making vinaigrettes. Featuring a modern square shape with rounded edges, the Garlic Cutter's diminutive dimensions (3.5" x 1.5" x 3") belie the tool's ability to generously accommodate up to three cloves of garlic.

Microplane Herb Mill

The manual style Herb Mill finely cuts parsley, dill, cilantro, mint and other leafy fresh herbs with a simple twist of the wrist—a boon to cooks who find prepping herbs with a knife both tedious and time-consuming. The scissor-like action of the Herb Mill's two razor-sharp blades, one of which is permanently attached to the base to make disassembly for cleaning easier, flawlessly cuts herbs into a fine mince without tearing or bruising. The innovatively designed, dual-purpose Herb Mill includes a removable herb stripper with three differently sized holes to easily strip commonly used stemmed herbs.

PEUGEOT

Collection Antique

Collection Antique, a new line of handcrafted pepper, salt and coffee mills, combines iconic shapes with rustic aged beech wood. The collection embraces

Peugeot's two best-loved pepper and salt mill designs – Paris and Bistro – along with its classic Coffee Mill. Made in France, Peugeot mills stand out for their patented steel mechanisms, including spice-specific mechanisms for each spice. Each mill is presented in a special gift box, with a booklet on the Peugeot story. \$35-\$170. Sur La Table. July 2015.

Cottage Mills

Cottage Mills, a chic new collection of pepper, salt and coffee mills, feature gloss pastel colors in subtle shades that add a refined note of sophistication. Made in France, these mills feature the iconic Peugeot stainless steel mechanism, each specifically optimized for salt, pepper or coffee beans. Pepper mills are grey or deep purple; Salt mills are ivory or pale pink. Coffee grinder features a hand crank to grind beans into a drawer and comes in ivory or grey. \$50 mills. \$140 coffee grinder. www.cutleryandmore.com. July 2015.

Pep'S

Original and amusing, Pep'S is a clever 2-in-1 salt shaker and pepper mill with flamboyant colors, a whimsical shape and a curved bottom that lets it rock back and forth on the table or countertop like a toy. Made in France, Pep'S features the iconic, exclusive Peugeot mechanism that stands out as the strongest on the market, with a consistent high-output grind. Like all Peugeot mechanisms, it is spice-specific and adjustable from coarse to fine. Red, green, grey or yellow. \$25. www.broadwaypanhandler.com

Paris Collection

Peugeot expands its iconic Paris Collection with a vibrant Poppy Red Lacquer, plus new 19.5" and 31.5" heights, each in Black or White Lacquer. Made in France, Peugeot's steel grinding mechanism is stronger, sharper and more durable than ceramic or nylon mechanisms, and it offers a consistent high-output grind, with better precision adjustments. Its spice-specific mechanisms optimize flavor and texture, so its pepper mills crack and then grind peppercorns, and its salt mills shatter and then crush dry sea salt and rock salt. Assorted sizes from 7" to 31.5" tall. \$40-\$265. www.cutleryandmore.com, www.broadwaypanhandler.com.

Baker Street is a sophisticated cream and gray collection comprising everything from storage tins to pudding basins. Inspired by the colors prevalent during the Industrial Revolution, it's designed to bring a touch of the Victorian kitchen to the modern era. First developed in 1901, the Mason Cash Cane Mixing Bowl has become something of a design classic and the Baker Street edition of the Mixing Bowl pays tribute to this heritage.

ZOJIRUSHI AMERICA CORP.

Travel Mug

The new 16 oz. Travel Mug was designed with one-handed operation in mind, so you can enjoy your beverage on-the-go without distraction. The compact design takes up minimal space while maximizing capacity. Available in stylish colors including Stainless, Dark Cocoa, Cherry Red and Lime Green, the Travel Mug will be available in June 2015 and with a MSRP of \$55. Zojirushi's advanced vacuum-insulation technology ensures a great-tasting beverage each and every time you flip open the lid. Made of high-quality stainless steel, the Travel Mug keeps beverages at the optimum hot or cold temperature for up to 6 hours.

Stainless Tumbler

Zojirushi's new Stainless Tumbler (SX-DA45/60) has a sleek stylish look and was designed with comfort in mind. The vacuum insulation keeps beverages hot, without being hot to the touch, and ice cold beverages stay cold without the outside sweating or feeling cold. For drinking comfort, a special manufacturing technique was used to round the sip area. Available in a Stainless finish, the Tumbler comes in 15-oz. and 20-oz. capacities.

Fresh Brew Plus Thermal Carafe Coffee Maker

The Fresh Brew Plus Thermal Carafe Coffee Maker allows anyone to make great tasting coffee just like a coffee shop barista, but in the comfort of their own kitchen. With a generous 10-cup capacity, the Fresh Brew Plus heats water to 200° degrees, the ideal temperature for brewing the best tasting coffee. Made with durable stainless steel, the carafe uses Zojirushi's advanced vacuum-insulation technology to help keep coffee as fresh and great tasting as when it was first brewed. An easy to fill tank is clearly marked with water measure lines (2-10 cups) and removes completely for filling and cleaning.

Induction Heating System Rice Cooker & Warmer

The new advanced Induction Heating System Rice Cooker & Warmer includes a new Jasmine rice setting and uses superior induction heating technology to prepare flawless rice every time. Made in Japan, the IH System will be available in two sizes (5.5-cup and 10-cup), with manufacturer suggested retail prices of \$385 and \$420, respectively. Induction heating is an immediate and precise method of cooking utilizing a system of coils in the base of the cooker that create a magnetic field. Zojirushi strives to improve not just the end result of the rice cooking process, but also the ease-of-use in each and every product.
