

The Home Depot Announces Record Fourth Quarter And Fiscal 2015 Results; Increases Quarterly Dividend By 17 Percent And Provides Fiscal 2016 Guidance

ATLANTA, February 23, 2016 -- The Home Depot®, the world's largest home improvement retailer, today reported sales of \$21.0 billion for the fourth quarter of fiscal 2015, a 9.5 percent increase from the fourth quarter of fiscal 2014. Comparable store sales for the fourth quarter of fiscal 2015 were positive 7.1 percent, and comp sales for U.S. stores were positive 8.9 percent.

Net earnings for the fourth quarter of fiscal 2015 were \$1.5 billion, or \$1.17 per diluted share, compared with net earnings of \$1.4 billion, or \$1.05 per diluted share, in the same period of fiscal 2014. For the fourth quarter of fiscal 2015, diluted earnings per share increased 11.4 percent from the same period in the prior year.

Fiscal 2015

Sales for fiscal 2015 were \$88.5 billion, an increase of 6.4 percent from fiscal 2014. Total company comparable store sales for fiscal 2015 increased 5.6 percent, and comp sales for U.S. stores were positive 7.1 percent for the year.

Earnings per diluted share in fiscal 2015 were \$5.46, compared to \$4.71 per diluted share in fiscal 2014, an increase of 15.9 percent.

Fiscal 2015 results include a pretax net expense of \$128 million, or \$0.06 per diluted share, related to the Company's 2014 data breach, of which \$9 million, or \$0.00 per diluted share, was recognized in the fourth quarter.

"Our focus on improving the interconnected customer experience, along with solid execution and continued recovery in the U.S. housing market, resulted in record sales and net earnings for 2015," said Craig Menear, chairman, CEO and president. "I'd like to thank our associates for their hard work and dedication to our customers."

Capital Allocation Strategy

The Company today announced that its board of directors declared a 17 percent increase in its quarterly dividend to \$0.69 per share. "As a testament to our commitment to create value for our shareholders, the board has increased the dividend for the seventh consecutive year," said Menear. The dividend is payable on March 24, 2016, to shareholders of record on the close of business on March 10, 2016. This is the 116th consecutive quarter the Company has paid a cash dividend.

Combined with today's announcements, the Company reiterated its capital allocation principles:

- **Dividend Principle:** Targeting a dividend payout ratio of approximately 50 percent of net earnings.

- Share Repurchase Principle: After meeting the needs of the business, use excess cash to repurchase shares, with the intent of completing its remaining \$11.0 billion share repurchase authorization by the end of fiscal 2017.
- Return on Invested Capital Principle: Maintain a high return on invested capital, with a goal of reaching 35 percent by the end of fiscal 2018.

Fiscal 2016 Guidance

Given the strength of the U.S. dollar, the Company provided a range of sales, comp sales and diluted earnings-per-share growth to reflect the difference between 2015 average exchange rates and current exchange rates. If currency exchange rates remain where they are today, this would cause a negative impact to fiscal 2016 net sales growth of approximately \$800 million, as well as a negative impact on diluted earnings-per-share growth of approximately \$0.06 per share. The low-end of the Company's sales and diluted earnings-per-share growth guidance reflects this currency impact.

- Sales growth of approximately 5.1 to 6.0 percent
- Comparable store sales growth of approximately 3.7 to 4.5 percent
- Five new stores in Mexico
- Flat gross margin rate
- Operating margin rate expansion of approximately 70 basis points
- Tax rate of approximately 37 percent
- Share repurchases of approximately \$5.0 billion
- Diluted earnings-per-share growth after anticipated share repurchases of approximately 12 percent to 13 percent, or \$6.12 to \$6.18
- Capital spending of approximately \$1.64 billion
- Depreciation and amortization expense of approximately \$1.9 billion
- Cash flow from the business of approximately \$10.0 billion

The Home Depot will conduct a conference call today at 9 a.m. ET to discuss information included in this news release and related matters. The conference call will be available in its entirety through a webcast and replay at earnings.homedepot.com.

At the end of the fourth quarter, the Company operated a total of 2,274 retail stores in all 50 states, the District of Columbia, Puerto Rico, U.S. Virgin Islands, Guam, 10 Canadian provinces and Mexico. The Company employs more than 385,000 associates. The Home Depot's stock is traded on the New York Stock Exchange (NYSE: HD) and is included in the Dow Jones industrial average and Standard & Poor's 500 index.
